

CWF Flooring, Inc.
sport flooring...

CWF manufactures Recycled Rubber Flooring products in either a Roll or Tile format.

CWF Rubber Flooring is designed for any application where extreme use and abuse are present. In addition, it can be used where ever traditional resilient flooring is installed. Its shock absorbency, non-skid properties, wear resistance and wide range of colors make it the right choice for all of your flooring needs:

- Fitness Centers
- Health Clubs
- Ice Rinks
- Training Rooms
- Disabled Access Ramps
- Running | Walking Tracks

CWF Rubber Flooring is also gaining popularity in non-athletic applications where resilient flooring is typically specified, such as:

- Basements
- Utility Areas
- Canine / Equine
- Rest Rooms
- Lobbies | Break Rooms
- Conference Rooms
- Light Industrial Facilities
- Entryways

Sustainability

CWF Flooring offers a range of patterns and colors that make a singular design statement, while helping preserve the environment.

Our product is a high quality recycled rubber material made using scrap rubber from the recycling of truck tires and virgin rubber materials, saving energy, reducing oil consumption and keeping millions of pounds of tire waste out of landfills.

CWF Flooring conforms with indoor air quality and Volatile Organic Compound (VOC) emission requirements and is itself a recyclable product.

WARRANTY

RUBBER SPORT FLOORING

CWF Flooring, Inc. recycled rubber flooring is guaranteed to be free from manufacturing defects in material and/or workmanship.

*If the recycled rubber flooring is found to be defective under normal conditions for a period of **five years** from the date of receipt (to original purchaser) CWF Flooring, Inc. will, at its own discretion, replace the defective material or issue credit not to exceed the selling price of the defective goods. This warranty does not cover installation costs or other related expenses.*

Although CWF Flooring, Inc. rubber flooring is used successfully in ice-rink applications, this warranty expressly excludes premature wear caused by ice skates in heavy-use areas (penalty boxes, walkways to and from the ice, etc).

Due to the abusive nature of skate blades on any type of flooring, CWF Flooring, Inc. recommends the use of blade protectors when walking on our floor.
